Hello Mr Wall :

Below is the email we sent you (also hard copy was sent) regarding our Victorville plant Engineered Fuel application seeking EPA's approval as a non-waste material.

I would like to know status of your review and whether you have any questions requiring additional information.

We would be happy to meet with you to review the documents we have submitted. Please advise if you would like to schedule a meeting.

We appreciate your time and look forward to receiving your feedback.

Mr. Wall

As per our discussion, attached are two documents for our Victorville, CA cement manufacturing plant requesting approval from EPA that the engineered fuel we plan to use at this facility is a non-waste material in accordance with 40 CFR Part 241, Subpart B. We would like to request a meeting with you to review the petition and answer any questions you might have regarding the application. We have mailed you a hard copy of these documents today.

Please advise when you would like to meet for detail review of the petition.
Thank you.
